WE DISCOVER, WE GROW
Girlguiding
Cleveland County

ANNUAL REPORT 2015

County Report

Fran Rabone and I started our terms of office in July after a short period when the County was without a Commissioner. We both feel it is a privilege to represent Cleveland and will do our best for you all. We have agreed, with the help of everyone, to move the county forward over the next two years and hopefully by then a new County Commissioner will be appointed. We thank Christine for all she did over the last 5 years and the many hours she gave to guiding in the County.

As you will see from this report nothing stops in guiding, and the divisions have been very busy keeping our young and not so young members 'entertained' with holidays, adventures, outings, skills for life, and the most important part, running the weekly meetings. Our thanks to everyone of you for giving your time and efforts to making guiding fun in our County, please carry on doing such a great job.

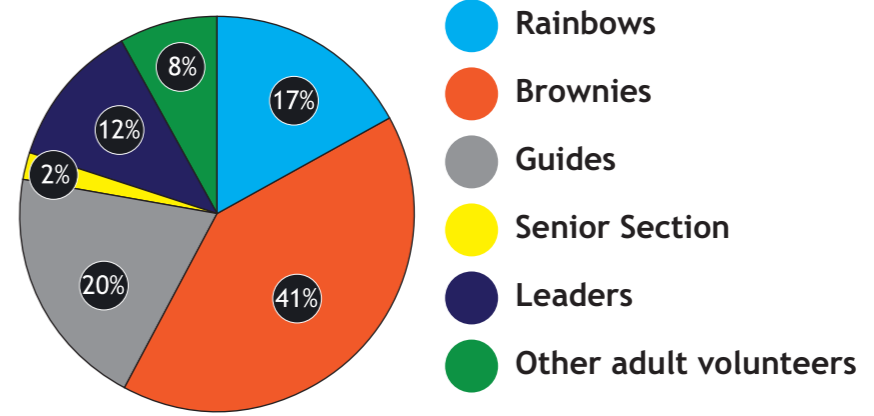

JUDITH HATHAWAY

Guiding connections give you opportunities for life! **MARGARET BURNISTON** County President
